SLAM AT REBELS.

Insurgents' Enemies
Caucus Choice.

Near-Democrats Say They
Are Satisfied in Spite of
Selections.

Dalsell Will Be Chairman of
New Rules Committee of
the House.

Fassett, Who Made Vitriolic
Attack on Renegades, Is
Also Member.

WASHINGTON, March 23.—With
only the friendliest sort of rival-
ry, the Republican caucus to-
night selected the six members of the
Rules Committee appointed to the
Republican majority of the House.

The following, all members of the
"regular" wing of the party, were
chosen:

Walter L. Smith of Iowa, 153 votes.
John L. Dalsell, Pennsylvania, 145
votes.

George F. Lawrence, Massachusetts,
135 votes.

Elmer A. Foss, New York, 113
votes.

Henry S. Bontell, Illinois, 108 votes.

Two ballots were taken, the four
first named receiving a majority of the
votes cast on the first ballot, and the
two last named being chosen on the
second ballot.

The six members represent a slate
approved by Representative Tawney
of Minnesota, after a conference con-
ference with both members and insur-
gents.

The vote in the caucus tonight was
taken by written ballot. Members
were placed in nomination, and a
large number of other received com-
plimentary votes. Representative
Gardner of Massachusetts received 23
votes, the highest number cast for an
insurgent.

OBJECT TO SLATE.

The only incident that threatened to
produce excitement was when Mr.
Tawney offered a resolution proposing
the list of six men as named. Imme-
diately there was objection from an
insurgent from Iowa to the restricted
nominations and an informal nominat-
ing ballot was proposed. Mr. Tawney
demurred, and Mr. McCall of Massa-
chusetts told him that in New Eng-
land, "when a slate was brought into
a convention," it was generally consid-
ered not a democratic way of doing
things. He believed there should be
an open ballot.

Representative Furse of New York,
the majority leader, settled the
controversy by declaring in favor of
an informal ballot. Mr. Tawney with-
drew his slate, which, nevertheless,
proved successful on the ballots that
followed.

The first vote resulted:

Smith of Iowa, 153.
Dalsell, 145.
Lawrence, 135.
Foss, 113.
Bontell, 108.
Smith, California, 82.
Boutell, 55.
Kahn, 54.
Longworth, 51.
Gardner, 23.
Gaines, 23.
Stevens, Minnesota, 14.
McCall, 14.
Malby, 14.
Lewden, 14.
Hamilton, 11.
Parsons, 11.
Dooly, 11.
Merrill, 8.

A number of scattering votes.
Murdoch received 6; Davidson, 5;
Cooper, 4; Madison, 3; and Fish, 2.
This was the extent of the insurgent
strength aside from the Gardner vote.

DALESEL, CHAIRMAN.

On the second ballot, Smith and
Boutell won easily from a long list
of candidates, who received a vote or
two apiece.

The members will rank on the com-
(Continued on Second Page.)

REPORTS ON PRIME DISASTER

SCATHINGLY SCORES
MINE MANAGEMENT.

(ASSOCIATED PRESS NIGHT REPORT.)

DENVER, March 23.—Characteris-
ing the system employed by the
Colorado Fuel and Iron Company
in the operation of its mines in
Southern Colorado as "open defiance
of the law," State Labor Commissioner
R. V. Brake, in his report on the Pri-
mary coal mine disaster, in which sev-
enty-six miners lost their lives, Janu-
ary 31, calls upon Gov. Smith to ap-
point a commission to make a rigid
investigation of conditions in the An-
telope and Huerfano counties, where the
Colorado Fuel and Iron Company
properties are located.

AGAINST STATEWIDE STRIKE.

Pennsylvania Federation Decides
Through Ballot to Proper Method
to Redress Grievances.

PHILADELPHIA, (Pa.) March 23.—
After being in session nearly all day,
the executive council of the State
Federation of Labor came to the con-
clusion it would be inopportune to call
a State-wide strike to aid the striking
street car men in Philadelphia. This
decision was reached unanimously and
it is said to have been hastened by
the action of the textile workers of
Philadelphia, who went out on a sym-
pathetic strike and last night voted
to return to work.

President Greenwalt was positive in
his statement the only way the working
classes in Philadelphia and throughout
the State could get justice through
the ballot. The council decided to give
every encouragement to the plan to
organize a labor party.

THOUSANDS AGAIN WORKING.

PHILADELPHIA, March 23.—Fol-
lowing up the action of the Textile
unions last night in voting to return
to work, tens of thousands of mill
hands who struck in sympathy with
the trolley men returned to work in
the Kensington district today.

NOW A-PORT.

CAIRO JAIL MADE MOB
PROOF BY RIOT GUNS.

(ASSOCIATED PRESS NIGHT REPORT.)

CAIRO (Ill.) March 23.—(Exclusive
Dispatch.) Mob that attack the
Alexander County Jail in the future
will find the welcome sign guns from
the door and twelve riot guns and
chained gates in its stead.

The danger of further mob violence
received its first official recognition
this afternoon when the Board of Su-
perintendents decided to place the jail
and Courthouse on a military basis by pro-
viding a dozen repeating rifles, ample
ammunition and several heavy chains
and padlocks for the fence about the
building and the doors and windows.

With these safeguards, Sheriff Nel-
son declares he can, with half a dozen
deputies, stand a lengthy siege suc-
cessfully and at the same time cause no
discomfort in the ranks of the besiegers.

Cairo has had two noted race riots
in four months. Nelson asked for the
guns early in January, shortly after he
assumed the office. The board was not
convinced at that time that such ar-
bitrary methods were necessary, and
no notice was taken of the application.

Outside of the salutary effect the
purchase of the guns will have upon
rioters, the proposed purchases will
enable the officials to convert the jail
grounds into a fort that will be hard
to enter. The jail is surrounded by a
five-foot iron fence with two entrances.
These entrances will be equipped with
heavy chains and locks so that in case

of a riot, members of a mob would
be compelled to climb the fence, and
by so doing afford an easy mark for
the men behind the guns inside the
building.

At present the grand jury is in-
vestigating the last attack on the jail.

DEATHS MOUNT TO FIFTY.

Two Wreck Victims Succumb to In-
juries and Another May Die Be-
fore Morning.

(ASSOCIATED PRESS NIGHT REPORT.)

PILL IS BITTER.

But Lords Admit it
Is Needed.

Renouncement of Hereditary
Seats Means an Elective
Upper House.

Plan Doesn't Deprive Peers
of Right to Legislate
and Veto.

Only Men Trained in Parlia-
mentary Work Eligible
to Election.

(BY DIRECT WIRE TO THE TIMES.)

LONDON, March 23.—(Exclusive
Dispatch.) The practically unani-
mous vote of the House of Lords
in renouncing the hereditary right to
legislate and the decision that per-
sons of a peerage should no longer
of their own right be entitled to sit
in the House of Lords, surprised and
pleased the Commons, but is regarded
as a blow to the peers.

The action is the result of a move-
ment started by Lord Rosebery in 1897,
when a commission was appointed "to
investigate the means of increasing
the efficiency of the House of Lords."

The decision means:

(1) That the House of Lords shall
be hereafter an elective body.

(2) That only peers shall be eligible
for election.

(3) That the number be limited to
eighty.

(4) That the kingdom shall be di-
vided into eighty districts, each of
which shall elect by ballot three mem-
bers of the peerage for every full ses-
sion, in the same manner and at the
same time as members of the House of
Commons are now elected, and that
the King shall choose one of the
three to sit in each Parliament.

REMARKS WERE:

"The House of Lords, as it now
exists, is a relic of a feudal system,
and it is time that it should be
replaced by a body of men who are
trained in the art of legislation."

The report was based upon the theory
that the hereditary principle in legis-
lation is wrong because it permits of
no representation of the people, and a
recommendation was made to limit
the voting power of the peers to less than
one-seventh of the number who now
are entitled to that privilege.

ADMIT SLATE'S JUSTICE.

The Lords very generally admit the
accuracy and justice of the new plan
in that "it is desirable for legislative
purposes that there should be a re-
duction in the number of members,
and it was suggested that the upper
house should be limited to eighty per-
sons, qualified for service by ten years
of experience, either in the House of
Commons or in a council of a county,
or in the council of a city with a popu-
lation of not less than 10,000, and that
they should be elected by a limited
suffrage."

For example, Lord Rosebery proposed
that "in every town possessing 10,000
inhabitants, and for every additional
25,000 inhabitants of its population,
the county or city council should be
empowered to elect three candidates,
from which the crown shall summon
one to sit for the duration of Parlia-
ment in the House of Lords."

DESIGNED TO AIR LORDS.

Lord Rosebery's proposal was de-
signed to create a strong and efficient
upper chamber of men of affairs and
experience who have earned their right
to participate in the government by
previous public service. This would
be a "current of fresh air" in the House
of Lords, which everybody admits is
very badly needed and would limit the
membership to efficient and active
men.

It is a very significant fact that the
Rosebery plan repudiated the heredi-
tary principle and directly declared
that "it is undesirable that the pos-
session of the peerage should, of itself,
alone, give the right to sit and vote
in the House of Lords."

"POULTRY TRUST" INDICTED.

New York Grand Jury Accuses Many
Dealers With Conspiracy in Re-
straint of Trade.

(ASSOCIATED PRESS NIGHT REPORT.)

NEW YORK, March 23.—The so-
called "poultry trust" was indicted in
New York today. The live poultry
dealers of the city are charged by the
grand jury with conspiracy in restraint
of trade, under the general business
laws of the State. Three local asso-
ciations of poultry dealers are named,
chief of which is the New York Live
Poultry Commission, Merchants' Pro-
tection Association, credited with the
control of 90 per cent. of the live
poultry trade of the city. Nearly 30
defendants are named in three lengthy
indictments.

tlenose issued from the bedside of the

CHARACTERISTIC.
**ROOSEVELT ON
WOMAN'S SIDE.****Female Uplift Emphasized in
Mission Address.****Epigrams Abound in Speech
at Laxor School.****Cookery in Scheme of Edu-
cation Approved.**BY JOHN CALLAN O'LAUGHLIN.
SPECIAL CABLE TO THE LOS ANGELES
TIMES.LUXOR (Egypt) March 22.—[Ex-
clusive Dispatch.] "In mission work,
as well as in every phase of hu-
man endeavor, including politics, I
have no use for an ideal so lofty that
it can only be taken out on Sunday to
admire and is of no use on other
days."This was one in a succession of epi-
grams used by Col. Theodore Roose-
velt in an address delivered today be-
fore the girls' school of the American
mission at Luxor, which is a branch
of the Assuit Mission. Col. Roosevelt
and Mrs. Roosevelt drove to the school
past the ruins of the Luxor Temple,
along a road flanked with people. Ar-
riving at the school, over which an
American flag floats, he was wel-
comed by the school children, among
the number being American, English
and Egyptian."I think that it is going to be real-
ized everywhere," Col. Roosevelt be-
gan, after introduction by President
McClintock, formerly of Des Moines,
now the head of the Assuit Mission,
"that you cannot raise one part of
humanity while neglecting the other
part.""It is idle to raise a man unless the
woman is raised at the same time. No
mission work is worth calling such
where the same effort is not made for
the woman as well as the man, and
that applies at home as well as
abroad. The I. W. O. A. was ineffective
until there was also a T. W. O. A. It
is not only a matter of simple duty
but also principle in that wives,
mothers and sisters have the same
chances as brothers, sons and fathers.
But it is a matter of self-interest. A
man cannot expect that his wife is
drag on him. There never was a more
greatly real unless the woman rose as
well as the man."**AMERICAN WORK PRINCIPLE.**"I am pleased as an American to
see that work is being done in Egypt
and the Sudan by men and women
of my country. This kind of national
triumph gives cause for natural re-
joicing. It does not hurt anybody's
feelings. The products of American
work are equally valuable as the di-
rect teaching. Your boys and girls
go out, and with a desire to do
spirit of self-respect and with a desire
to work and become the center of a
great influence, they are dividing
effort throughout the entire com-
munity.""In the long run, the big tree is
judged by the character of its fruit,
and not by the size of its trunk. The
character of the character of its gradu-
ates. They must be men and women
when they graduate, but they must
keep their minds awake, so to con-
tinue this influence as the years go
by.""I am pleased to notice in your en-
thusiasm that you are teaching not only
academic subjects, but also the
cooking and so forth. You are avoid-
ing an error wherein accidental dis-
tinction is the result. Education is
too much better that education is
purely a matter of books. I have met
people with an excellent literary train-
ing whom I regarded as wholly un-
educated in the essentials of life; and
on the other hand, I have met men
thoroughly versed in the history of
the world, but who were unable to
learn to cook and keep house, but
at the same time you must have liter-
ary knowledge, and your mission
will enable you to take your proper
places as counselors of families. I
want to see education in Egypt
and the Sudan, and I want to see
this applied to the United States
of America, also directed to making men
able to care for themselves and for
their dependent upon them.""I want to see your college turn out
men not merely fitted to take govern-
ment jobs, but who are good farmers
and mechanics. Education must be a
step not away from the farm, but in-
roduction of the farm. The prosper-
ity of every country will be reduced
unless the essentials rest upon agricul-
ture.""In the twentieth century the ten-
dency is to talk more about rights than
duties. Men know the right by in-
stinct. The difficulty is to train them
to remember their duties. Whatever
additional duties a woman may have,
the essential basis with the house and
they must remain there. They must
primarily retain the qualities of good
wives. No man is a good citizen in
his country until he is a good citizen
in his own household."**PRIMER FOR MEDICAL MISSION.**Mr. Roosevelt praised a medical mis-
sion, saying it is necessary to help the
bodies as well as the souls. "A prac-
tical man without ideals is a curse,
and the greatest curse of the world is
a man without a cure for his soul."
The impracticable ideal-
ist does not always attain the degree
of being a curse, but invariably he be-
comes a nuisance."Success has attended your mission
efforts because you have realized the
necessity of having your eyes on the
stars and your feet on the ground."This school, which is a Chicago insti-
tution, was devoted with nothing ten
years ago. It now has 300 pupils from
all classes in Egyptian life, rich and
poor, high and low. It possesses 50,000
worth of property in Luxor. The de-
mand for graduates is so great, on ac-
count of the fact that it is im-
possible for the school to supply
enough to fill the applications.Col. Roosevelt finished his address
by inspecting the Luxor Temple.
The temple and temple were interest-
ing less for the decorations than for
showing the architecture. He re-
marked to Mr. Weigall when he saw
the mummy yesterday that he could
not help thinking of all that had been
transpired since that king was alive,
5000 years ago. Centuries passed before
other men developed real civilization,
before the Greeks and Romans. Mr.
Weigall recalled the Indian Rajah,
who spoke along the Nile line, say-
ing that in those days there was no
white race.The Roosevelt party left tonight for
Cairo.
[Copyright, 1910, by The Tribune Company.]**WANT ROOSEVELT TO
VISIT UNIVERSITY CLUB.**[BY DIRECT WIRE TO THE TIMES.]
LONDON, March 22.—[Exclusive Dis-
patch.] "We are making a strong ef-
fort to get Mr. Roosevelt to visit the
University Club."**HE WILL BE CHIEF BENEFICIARY OF REGULARS' VICTORY****Latest Photograph of President Taft,**

SLAM AT REBELS.

(Continued From First Page.)

ins and managing director of the club,
this afternoon. "Lord Strathcona and
Lord Brassey have given their patron-
age and if Mr. Roosevelt, who always
has taken a deep interest in the or-
ganization, will visit the headquarters
May, the university alliance of
Great Britain, Canada and the United
States will be complete.""We think such a consummation is
desirably to be wished just now, when
the President of the United States and
the political leaders of Canada are get-
ting together in a common-sense way
on the tariff question. Thousands of
American university men come to Eu-
rope every year and London is the des-
tination of all of them. The American
University Club has its home here."**POPE SETS DATE TO
RECEIVE ROOSEVELT.**[BY DIRECT WIRE TO THE TIMES.]
ROME, March 22.—[Exclusive Dis-
patch.] Some time ago former Pres-
ident Roosevelt wrote to Ambassador
Leshman requesting him to arrange
for audiences with King Victor Em-
manuel and Pope Pius. Leshman com-
municated indirectly with the Vatican
and an audience has been fixed for
April 5.The Pope is eager to meet Roosevelt
and therefore has made no objection to
audiences following that at the Quir-
inal Palace. The audience with the
Catholic, the precedence of a Vati-
can visit over that to the Quirinal was
not indispensable.Although it was feared that strict
rules of etiquette might lead to the
exclusion of the audience, as in Fair-
bank's case, and the visit to the Pope
was made conditional upon Roosevelt's
not lecturing before the Methodists,
this contingency practically had been
avoided. When he was at Naples last
year on his way to Africa, Col. Roose-
velt declined an invitation to address
the Methodist College in Rome.**KHEDIVIAL CARRIAGE
OF STATE FOR T. R.**[ASSOCIATED PRESS NIGHT REPORT.]
LUXOR (Upper Egypt) March 22.—
Col. Roosevelt's departure from Luxor
at 1 o'clock this evening was mark-
ed by the presence of a great demonstra-
tion by residents and officers, who cheered
the former President heartily as his
train started for Cairo.The Egyptian capital will be reached
tomorrow morning and the departure for Eu-
rope and his party will remain there nearly
a week.Preparations have been going on in
Cairo for a royal reception to the dis-
tinguished American, and the Khedive
has announced he will send a state
carriage to convey Col. Roosevelt to the
palace.The plans include several dinners, a
visit to the University of Egypt, where
Col. Roosevelt will deliver an address;
a visit to the American mission, where
he will dedicate the girls' college, and a
thorough inspection of the many
places of historic interest.The subject of the Ballinger-Finchet
controversy and the departure for Eu-
rope of Gifford Pinchot, the deposed
chief forester, for the ostensible pur-
pose of conferring with the former
President, were brought to Col. Roose-

public questions until he had all the
facts in hand.An attack of the grippe is often fol-
lowed by a persistent cough, which
Chamberlain's Cough Remedy has
been extensively used with good
success for the relief and cure of this
cough. Many cases have been cured
after all other remedies had failed.

committee according to their seniority
of service, which will give the chair-
manship to Mr. Daisell.The Democrats will caucus tomor-
row night to name the four members
allotted to the minority, and the whole
list will be brought before the House
Friday for formal election.The insurgents appeared satisfied,
although none of the most radical ex-
pressed themselves. Mr. Norris of
Nebraska, said:"It was a fair, square deal. I think
everybody is well satisfied. Of
course the men selected are not the
men I would have named if I had had
the choosing."Mr. Tawney said the committee was
selected largely for geographical rea-
sons and the best thing accomplished
was that no committee chairman was
named. Only the most consistent of
the "regulars" were selected. Daisell
and Smith of Iowa, are members of
the retiring Rules Committee. Law-
rence of Massachusetts, has long been
a friend of Speaker Cannon.Mr. Tawney is one of the orators of
the regulars. During the recent pro-
longed debate on the Norris resolu-
tion, he was the most consistent op-
ponent of the insurgents.**ALL OF THEM CONSENT.**Mr. Boutell of Illinois placed Mr.
Cannon in nomination for President at
the Chicago convention in 1904. He is
one of the most consistent supporters
of the majority.**DEAN DUFFY ON
"CANNONISM."**Private Palace Speaker as the
Greatest Statesman of Age
and Nation.[BY DIRECT WIRE TO THE TIMES.]
WASHINGTON, March 22.—[Exclu-
sive Dispatch.] In the
Speaker's room Secretary L.
White Busbey was showing a
telegram to callers today."This shows what the home
folk think of Mr. Cannon," said
the devoted Busbey. "This is
from the leading Catholic
prelate of our end of Illinois,
the Very Rev. Dean Duffy."The telegram read:
"Congratulations for the
greatest statesman of our age
and nation, who contributed
ripest wisdom, largest compass
and power covering a period of
unprecedented national progress
peace and prosperity. The
national legislation that turns
gristle into bone of a nation
is impregnated with Cannon-
ism. Traitors digging the graves
of principles and platforms
they professed are detestable to
Cannonism. We love you at
home more than ever."

**"HIGHER-UPS"
NEXT ON LIST.****Nine More Pittsburghers Con-
fess to Grafting.****Five Men Caught Trying to
"Fix" Jurors.****Evidence Against Fifty More
in Jury's Hands.**

[ASSOCIATED PRESS NIGHT REPORT.]

PITTSBURGH, March 22.—Nine
more men, considered strikers over-
taking money for their votes, appeared
before Judge R. S. Fraser today, and
after telling all they knew of the
Counclman's graft conspiracy, had
sentences postponed.Besides these nine, William Brand,
former president of the Common
Council, one of the ringleaders, ac-
cording to those who confessed, has
also made a statement, which is in
the hands of the District Attorney.
J. C. Wasson, who is in the peni-
tentiary, made his confession to the
grand jury. He went like a child
during his recital, while John P. Klein,
the arch confessor, tried to soothe
him.With complete statements from
Brand, Wasson and Klein, the prin-
cipals in the conspiracy, according to
their own statements, it is said the
District Attorney is ready to proceed
against the bribe-givers, and while no
names are given out, Wasson's state-
ment is said to implicate prominent
men.The opportunity to confess volun-
tarily and receive postponed sentences
or "immunity," has passed for those
who have not come forward. Those
indicted will be brought to trial. The
first trial will begin Monday.During the early hours of the con-
cussion, Speaker Cannon spent the time
in his room reading newspapers. He
felt that his presence in the caucus
might be misinterpreted. Shortly after
o'clock, however, he made up his mind
to enter."Guess I'd better go in and cast my
ballot," he called to Mr. Boutell of
Illinois, who had strolled in. They
went into the House chamber together
and remained there for the rest of
the session. The Speaker voted for
the Tawney slate.Previous to the caucus, the insur-
gents held a meeting, at which several
members opposed both Daisell and
Fassett, and agreed to contest their
selection. At the same time, they
agreed they would abide by the result.The Pennsylvania member was se-
lected to for his long association on
the committee with Speaker Cannon,
and because he had presented on the
floor many of the rules regarded as
particularly objectionable.Fassett was in disfavor because of
his vitriolic arraignment of the in-
surgents.Mr. Hubbard of Iowa made a speech
advocating a secret ballot to elect the
six members, and sister of Gen. George
A. Custer, who was killed at the battle
of Little Big Horn in 1876, died at
this city.It was suggested by Mr. Payne of
New York, the Republican floor lead-
er, that nominations be made and
that an informal ballot be taken, each
member voting for six men. This plan
was approved by all insurgents, and
was adopted by a viva voce vote.**SEIZE CALIFORNIA WINE.**Federal Authorities Take Charge of

THE GREAT PACIFIC SLOPE.

LOST ART OF PRESERVING FOODS IS LATEST DISCOVERY.

(BY DIRECT WIRE TO THE TIMES.)
PORTLAND (Or.) March 23.—[Exclusive Dispatch.] William H. Swift of this city claims to have rediscovered the lost Egyptian art of preserving vegetable and animal matter through the ages.
"I have found again the secrets of the Egyptians," said the inventor at his home, No. 124 East Seventh street, North.
His works were evidence of his sincerity. He had taken roses and let them wither since last summer. Then the petals, moistened, resumed the original freshness and color, and the withered buds burst into bloom. Last year's corn on the cob had been dried into a third of its former size, then was restored by merely being placed in water over night, so that it not only looked but tasted fresh. Other vegetables were similarly demonstrated.

REVEALS OPIUM PLOT.
Letters Found on Arrested Bartender
Reveal Big Plans for Smuggling
Drug from Mexico.
(ASSOCIATED PRESS DAY REPORT.)
SAN FRANCISCO, March 23.—Letters found in the possession of August Legor, a bartender, arrested Saturday by the Federal authorities for having opium in his possession, have placed information in the hands of the customs inspectors that disclose a carefully operated system between this city and points in Mexico by which the opiate is smuggled into this country.

According to the officials, the letters contain the names of certain reputable business men of this city, who were regarded by the operators as being persons through whom the traffic could be conducted in safety.
Other documents which Legor had saved the names of government officials along the border at which it had been handled and told of the places in this country where disposition of it could be made.
The authorities say many ships reaching Mexican points from China bring hundreds of pounds of opium, and through the services of certain men in Tia Juana, Mex., Brownsville, Tex., Nogales, Eagle Pass and Laredo and other places, it finds its way to San Francisco. It is purchased in Mexico for \$10 a pound and brings a price of \$150 a pound in San Francisco.

ADOPT SUBSTITUTE SON.
Parents of Kidnaped Brittain Led to
Do to Keep Boy Brutally
Treated at Home.
(BY DIRECT WIRE TO THE TIMES.)
GOLDENDALE (Wash.) March 23.—[Exclusive Dispatch.] Disappointed after three years' of fruitless search, during which they have spent thousands of dollars and months of time traveling the country over in quest of the lost Cecil Brittain, Mr. and Mrs. R. L. Brittain of Walla Walla last night took into their custody Orville McGuire, the boy of all those reported as possible being Cecil, who most resembled the kidnaped lad.

Cecil Brittain, aged 4, was kidnaped from his parents' home more than three years ago. A dozen times they received what appeared to be live cubs, but when followed, all led to boys other than theirs. It was such a clue that brought them to the McGuire boy. He was being terribly mistreated by his parents, so that neighbors thought he must be some other than their own.

A court order gives the boy to the Brittain, who will adopt him. They are now resigned, and no longer expect to get their own boy back.
"FISH HOGS" ALARM.
Marksmen Slaughter Trout for
Thousands—Want California
Co-operation to Stop It.
(BY DIRECT WIRE TO THE TIMES.)
TRUCKEE, March 23.—[Exclusive Dispatch.] The slaughter of hundreds of pounds of trout in Truckee River in Nevada, near Reno, by market fishermen and others is causing considerable anxiety to members of the Truckee Fish and Game Association, who have labored for many years in planting annually many thousands of trout in the Truckee.

They believe a committee from the California commission should meet with a like committee from Nevada and adopt laws similar to the California laws so that the good work done in planting trout in the Truckee River in California may not be nullified by game and fish hogs in Nevada. Nevada's new game and fish law was declared void a few days ago.
WIFE IS WARLIKE.
Doctor Sues for Divorce After Escaping
Many Deadly Assaults—Used
All Kinds of Weapons.
(BY DIRECT WIRE TO THE TIMES.)
SAN FRANCISCO, March 23.—[Exclusive Dispatch.] Dr. W. A. Lempe, who is suing for divorce from the wife who put a bullet through his head, today told some curious stories of the dangers that he had undergone from his wife. When she was in a belated mood, he said, "I am in constant fear for my life, and I would not dare live with her again."

He told this story of his marital troubles:
"We were married in San Rafael, January 15, 1909. Soon after the marriage she began abusing me. One time she came into my office saying, 'I have come to kill you,' and came toward me with a big bottle of carbolic acid which she took out of her pocket. I got it away from her."
"We took a trip to Stockton May 2, 1909. Nothing happened until she wanted to go to the bar-room on the steamer and play the money machine. I told her to let her. When we got to our stateroom she took off her hat and attacked me with her hat pin."

"Another time, in May, we went into a drug store, while out walking, and my wife started to telephone to her brother, Dr. Fowler. I thought I would phone my mother at the same time, so I went out to find another telephone. I had just got to the street when my wife came running behind me, yelling 'Stop, thief; stop, thief; stop that man; he has stolen my

Correct New Easter Apparel for the Entire Family

No member of the family has been overlooked in the selection of our Easter stocks. From the tiny little shoes for the infant to the styles for young girls, misses, boys, as well as suits and furnishings for men, up to

Handsomeness New Tailored Suits For Well Dressed Women

Priced \$19.50

It is remarkable the recognition this line of tailored suits is receiving among women planning their Easter wardrobe. The rare distinction of the styles, the painstaking way in which they are tailored, and the surprising price, all combine to make this showing attractive to women of good taste. There are suits of cream serge, French serge and diagonal serge. Colors include cream, tan, gray, blue and black. Coats are serviceably lined with satin or peau de cygne; 32-inch models. An exclusive Broadway value line at \$19.50.

Separate Skirts Broadway Price \$3.95

Immensely Lined Spring Skirts at \$5

This line is comprised of skirts of cream serge, cream mohair, tan, gray and black mohair, all-wool serges and diagonal skirtings, chiffon panamas and wire volles. All sizes up to 36 waist. Priced \$5.

Handsome Black Dress Skirts \$10

Much of the beauty of these garments lies in the excellent way in which they are tailored; made of chiffon broadcloths, chiffon panamas and French volles. Newest pleated styles, as well as tunic models. Big showing at \$10.

Last Minute Millinery Selecting Is Most Satisfactory—Our Line at \$5, \$8 and \$10 Meets with Instant Success

When the time is short in which to choose your new Easter hat, it is best to select a store where styles are safe, where variety is broad, and where prices are most attractive. During the past week the great activity in our Millinery Section indicates the correctness of the styles. Nimble fingers are fairly flying to keep up with the demand. Yet it takes clever heads to design the ideas that are most favored.

EASTER SEASON MAKES A DEMAND UPON YOU

What to wear, and How to wear it, is more emphasized at this time than at any other during the year.

With this we illustrate a Gentleman's Shoe which is correct down to the last detail, suitable for Easter morning wear, and for all church occasions during the year 1910.

It's a "Nettleton"—an accurate forecast of the fashion of a season to come, and indispensable to the man who places a value upon good form.

We will fit you scientifically, and aim to make it pleasant and profitable for you to buy your footwear of us.

Armenian Lace Handkerchiefs, 25c
 All women's delight in these pure linen handkerchiefs, with real Armenian lace edges, but few expect to buy such splendid quality at 25c. The lace is all made by hand. The beautiful stripes. Choose today, each 25c. Also 5c.

Men of All Builds Should Buy Easter Suits Here

Priced \$10 to \$27.50

Months and months before Easter we set our determination upon having the most complete line of Easter suits for men and young men we've ever known.

That determination is responsible for the completeness of our lines with Easter only a few days away. With prices ranging from \$10 to \$27.50 there are styles of all characters, and whatever price you pay you are bound to secure the best possible value.

Materials include worsteds, cassimeres, homespun and chevots in all the newest shades. If you buy your Easter suit elsewhere, don't come into the Broadway and look over our lines after Easter, for you'd be disappointed because you didn't make your selections here. Men's Answer.

Broadway Celebrated Shirts \$1

You'll be a friend of our Men's Furnishing Department the minute you see this line of pleated bosom shirts at \$1. In fact, some exclusive stores price the same garments at \$1.50. They're made with cuffs attached, in coat style. Most prominent are the chalk and halftone stripe in various colors. Broadway price, \$1.

Men's Knit Neckwear 50c

These are knit four-in-hands, in popular width. Solid colors and derby stripes. 50c.

Men's Silk Neckwear 50c

These come in a variety of checks, stripes and two-tone effects. These are all silk ties. Priced 50c.

Men's Lender Hose 12 1/2c

No hose more serviceable at the price. Select from black and colors, in a good variety; spliced heel and toe; seamless foot. 12 1/2c.

Quilted Shirts \$1.50

These are the new black and white effects, in single and double halftone stripe. Coat style. Attached cuffs.

SPORTING NEWS, LOCAL AND TELEGRAPHIC.

TENNIS DRAWS
AT CARMELITA.

Big Crowd Marks Progress
at Pasadena Play.

Miss Toedt and Mrs. Sticker
Win Special Singles.

Favorites to Meet in Mixed
Contests Today.

Good tennis and a large crowd of interested spectators marked the progress of the second day's play in the first annual Pasadena tournament at the Carmelita courts yesterday. The finals were reached in the ladies' special singles, and four matches were decided in the ordinary round of the men's open singles.

A big attendance is expected today, for many of the old-time favorites will be matched in the play of the ladies' open singles and mixed doubles which are to start at 10 o'clock this morning. Matches in the men's open singles are to be sandwiched in between the singles and doubles events. Thirty-two players were drawn in the men's open singles which is far a larger entry list than at any previous local tournament. Quite a few new players are to appear in their first tournament try-outs, and in some matches the older and more experienced entries should be kept on the jump, for the juvenile players have been practicing unusually hard.

WOMEN WINNERS.
Miss Toedt and Mrs. Sticker played through the ladies' special singles, and are to meet in the final Saturday morning. Miss Toedt showed the better form in the preliminary matches, and is picked to win in the final. Mrs. Sticker proved a hard customer in the second round for Miss Toedt, the match giving the maiden a fast three-set argument before the honors were decided. Miss Gardner proved much easier for Miss Toedt in the semi-final, Miss Toedt winning in straight sets, 4-0.

In the lower half of the drawings, Miss Hilda and Mrs. Wilson drew byes. Miss Fitzgerald gave Mrs. Sticker one of the most interesting matches in the class. Mrs. Sticker winning by a 7-4, 6-4 score. Miss Fitzgerald has strong service and a reliable backhand drive, which placed the balls in the deep court for many points. Mrs. Sticker returned many impossible drives, however, and her most reliable point, seemingly, is her ability to get 'em back.

MANHATTAN SERVICE.
Miss McCurdy was strong enough to handle Miss Rowland's manly service, but about held her own at the net, Miss Rowland winning in straight sets, 6-4, 6-2. In the second round, Mrs. Sticker defeated Miss Rowland, who lost to Mrs. Sticker in the semi-final by a 6-3, 6-0 count. Miss Rowland failed to put up her best game against Mrs. Sticker, who dropped out of the match, which many expected to see her win.

All but one of the preliminary matches in the mixed singles were decided over the two-set route with the exception of the match between Marshall and J. Horvath, which was decided by a 6-4, 6-3, 6-3 score. Horvath showed remarkable steadiness at the net, but was not quite so reliable in the back court, Marshall's accuracy and fine driving netting the winning points.

HOLMES IN FORM.
Johnny Holmes had things about his own way in the second set of his match with Sheldon, which ended in a 6-4, 6-3 score. Sheldon was surprisingly aggressive in the opening set and won quite a few points at the net. Gradually Johnny got down to form and chopped the tallies with regularity down the side lines.

Some good matches should be on tap this afternoon when Mace, Herd, Charlie Rogers and Freeman are to meet opponents in the preliminary round. Mace and Herd are in fine form and are expected to reach the semi-final. Herd is picked by the supporters to win the singles event, although he will have to play consistently good tennis to beat Holmes and Mace.

YESTERDAY'S RESULTS:
Ladies' special singles, preliminary round: Miss Toedt drew a bye, Miss Gardner beat Miss Sticker, 6-2, 6-0; Mrs. Sticker drew a bye, Miss Toedt beat Mrs. Sticker, 6-4, 6-0; Mrs. Sticker beat Miss Fitzgerald, 7-4, 6-4; Miss Rowland beat Miss McCurdy, 6-3, 6-2; Miss Wilson drew a bye.

SECOND ROUND: Miss Gardner beat Miss Toedt, 6-4, 6-2; Miss Toedt beat Mrs. Sticker, 6-4, 6-0; Mrs. Sticker beat Miss Fitzgerald, 7-4, 6-4; Mrs. Sticker beat Miss McCurdy, 6-3, 6-2; Miss Wilson drew a bye.

JAKE DE ROSIER
WANTS TO DRIVE.

Jake de Rosier, champion motorcycle rider, may be seen on the Motordrome course during the opening meet. He wants to drive a motor racing car and sees the finish of motorcycle racing after witnessing the troyants yesterday on the motordrome. He may be signed by a prominent automobile dealer today who has a fast six-cylinder car, and may quit motorcycle racing.

After watching the racers spin over the piepan, yesterday, Jake became fired with a desire to pilot a fast car over the boards. He announced his desire last night and is ready to take a car out today.

Jake has driven in hill climbs and race meets and is no novice. His knowledge of the Coliseum motorcycle track built by Jack Pritchard should aid De Rosier on the piepan. He has all the nerve that is necessary, and understands the art of balance and a machine at a speed of 45 for the mile. He holds almost all motorcycle world records.

TROUT PLENTIFUL.

Commissioner Pritchard Says Fish Are
Numerous in Santa Barbara
County Streams.

H. I. Pritchard, deputy fish commissioner, has returned from a trip through Ventura and Santa Barbara counties and reports that steelhead trout are abundant in that section of Southern California. He passed considerable time along the Santa Ynez river, where there are few trout streams in the state. There was a heavy rain there Sunday and the water is muddy, but if there is no more rain before April 1, the fishing should be good.

The season there opens April 1, or Friday of next week for the permits fishing for steelhead in coast streams. It also permits fishing in tide water, and there are few trout streams in the state. There was a heavy rain there Sunday and the water is muddy, but if there is no more rain before April 1, the fishing should be good.

Local hunters who are fond of Wilson snipe should not forget that the open season for these birds ends on March 30, or on Friday next week.

HUGHES IS INELIGIBLE.
Change in Line-up of American Universities Chess Team Necessary.

ASSOCIATED PRESS NIGHT REPORT.
NEW YORK, March 23.—Some unexpected changes have been made necessary in the personnel of the American team which will represent the universities of this country in the annual cable chess match against Oxford and Cambridge next month.

W. H. Hughes of the University of Pennsylvania has been found ineligible, and the team will be weakened by his absence. A substitute has not yet been chosen by the intercollegiate committee.

The match between Burgess and Jefferson of Yale, to decide which of the American team, has been settled in favor of Burgess.

April 16 has been selected for the date of the contest with the English team.

SMASHED AEROPLANE.
Crosby's Machine Demolished in Railroad Wreck and Flights Are Postponed.

BY DIRECT WIRE TO THE TIMES.
SACRAMENTO, March 23.—(Exclusive Dispatch.) A railroad wreck Monday near Marshalltown, Iowa, in which forty-seven persons were killed, also resulted in totally demolishing the biplane which Roy Crosby was to have used in his flights in Sacramento Saturday and Sunday.

As a consequence there will be no flying on Saturday, and the match is held on Sunday it will be a matter of luck and rapid transportation combined.

As soon as news of the wreck was flashed to the city and it was known that the airplane had been ruined, messages were telegraphed to New York for another machine to be shipped at once by the Great Northern. The machine shipped it cannot get here until Sunday.

Roy Crosby will make flights Sunday or on some future date.

SANTA FE TEAM WINS.
Defeats Jevne Trio at Tamping in Delaive Manner Last Night at Brunswick Alleys.

GETS A DRAW
WITH KETCHEL.

Klaus Outboxes Champion in
Six Slow Rounds.

Steve Holds on When Jabs
Reach His Face.

Reward of Pittsburgher Is
Match With Papke.

(BY DIRECT WIRE TO THE TIMES.)

PITTSBURGH, March 23.—(Exclusive Dispatch.) Before the latest house that came about the Pittsburgh fight of the Allegheny Mountains, Stanley Ketchel and Frank Klaus fought a six-round draw at Duquesne.

While Ketchel did perhaps the most leading in the fight, Klaus landed very often and very hard. In fact, there was a time when Ketchel was bleeding on his face when jabs forced him to a clinch.

Ketchel did well to get a "draw" with Klaus. In the first three rounds Klaus led repeatedly without return by Ketchel. The last three periods were slow and uninteresting.

PAPKE AND KLAUS.
(BY DIRECT WIRE TO THE TIMES.)
SAN FRANCISCO, March 23.—(Exclusive Dispatch.) Jimmy Coffroth has extensive plans for the summer fighting program, both for the Santa Club of San Francisco and the Colma arena. He wants to open the season at Colma about the middle of May, and stated tonight that he would wire an offer for Billy Papke to fight him there.

Klaus, the Pittsburgher, is a middleweight, in a twenty-five-round bout, May 1.

It is said that Papke has been a lucky fighter for me, and that I am lucky for him," said the Colma promoter.

According to the rules of the National Commission, if Chicago does not want him the club is obliged to give the Los Angeles team a chance to buy him back before waivers are asked on him, five days' notice to be given. As Murphy has not given such notice, it is presumed the Cubs intend to keep a string on Orendorf.

DISCOVER PHENOM.
DEFEAT WHITE SOX CUBS.
(ASSOCIATED PRESS NIGHT REPORT.)
SAN FRANCISCO, March 23.—The White Sox No. 2 were defeated by the fast Phoenix team of St. Mary's College in Oakland today by a score of 6 to 0. Leonard, the college twirler, allowed only five hits.

BUCKET SUDS.
With a reminiscent touch he then recalled that there was a time when Johnson was glad to drink "quds out of a bucket." The rest is contained in the charge of assault against the fighter.

Pinder and his witnesses failed to get across a case today, and Judge Mulcahy of the County of General Sessions was wroth. He was inclined to think the court was being imposed on by the defense.

Johnson's smile vanished like smoke. Unfortunately he said his name was known by lawyers, contained only \$2000 today. While Johnson seemed to be hunting today for Pinder, much doubt existed as to whether the long anticipated trial of Johnson, set for Monday, on the assault charge, would be held.

Failure to bring the case to trial today would cause it to go over to the April term of court, the time Johnson expects to begin preparing for the final stages of his training for the championship fight with Jeffries.

Johnson today denied emphatically that there has been any break between him and Jack Gleason, one of the fight promoters, because of Johnson's unwillingness to begin training thirty days before the big fight. The fighter said:

OXFORD DEFEATS CAMBRIDGE
IN ANNUAL ROWING REGATTA.

(ASSOCIATED PRESS DAY REPORT.)

PUTNEY (Eng.) March 23.—Oxford defeated Cambridge in the annual eight-oared rowing race over the championship course from Putney to Mortlake in hollow fashion, today, by three and a half lengths. The time was 20m. 14s. Last year Oxford won by three and one-half lengths in 19m. 40s.

For the first mile the light blues put up a good fight, but thereafter the race was a procession. The annual race was never rowed under more favorable weather conditions. It was a perfect spring day, the sun shining brilliantly while there was hardly a ripple on the Thames. There was practically no choice in stations. All points along the river from which even a glimpse of the passing boats could be obtained were lined with spectators while, at intervals, great launches and pleasure craft followed the shells.

The Oxfonians ruled strong favorites in the betting, having the advantage of thirty-four pounds in weight. Cambridge won the toss and chose the Middlesex shore, but the conditions were such that there was practically no advantage. The crews were sent off at 11.15. The six-oared Oxfonians slightly quicker stroke the light blues forced the nose of their shell in front.

By 1.30 the race had covered a dozen yards before the Oxfonians drew up and at the half mile held a slight lead. Rounding the curve Cambridge, having the advantage of the inside position, overhauled the Oxfonians and gained a lead of nearly a quarter mile post. At this point Oxford slightly quickened the stroke and passing Harrods, had almost regained even terms.

Gradually the shell of the dark blues forged to the front, and shooting under Hammer Smith bridge was the best part of a boat length in front. The light blues had evidently shot their bolt, and the Oxfonians settled down to the long, steady stroke which had made the difference between the crews.

Thirty-four strokes to the minute, the Oxfonians steadily drew away and had daylight between the boats before the Cambridge crew reached the finish.

Caskinier, the Cambridge coxswain, caught on those who were cheering, but though they hit up their speed to thirty-six, they were unable to make any impression.

The Oxfonians gradually widened the breach, shot under Barnes bridge two and three-quarters lengths to the good, and passed the winning post the last of victors, their margin being recorded at three and one-half lengths.

The Oxfonians' victory was a record for the Cambridge crew race. Oxford has now won thirty-six contests and Cambridge has won only one. The race ended in a dead heat. The fastest time on record is 18m. 47s. made by Oxford in 1893 and by Cambridge in 1900.

ON AGAIN.
SOX TO PLAY
VERNON TODAY.
NEW FACES WILL BE SEEN IN VISITING TEAM.

Parent and Barrows Are to Replace Cole and Beall. Who Have Gone to Second Team—League Season to Open With Auto Parade.

After a rest of a day the White Sox team is to go against the Vernons in the final afternoon at Chutes Park in the final few days of the training.

Coffroth's San Francisco permit will be in May, and as he declared tonight, he will be opposing no one but himself. For some time back before he proposes to sign up Moran and Murphy in a return bout, providing they can be secured.

Johnson's manager, who does not believe in the fight, said that the fight would be a waste of time. Johnson's manager, who does not believe in the fight, said that the fight would be a waste of time.

GAMES AT CORONADO.
Baseball.
Saturday's Race With Ponies Expected to Furnish Great Sport for Blue Bloods.
(BY DIRECT WIRE TO THE TIMES)
SAN DIEGO, March 23.—(Exclusive Dispatch.) Today's events on the polo field at Coronado consisted of a gymkhana programme, including stick and ball races, bending race, potato race and thread and needle race.
Tomorrow, beginning at 11 o'clock, will be the event for consolation cup between Riverside and the Southwest team. At 1 o'clock will be the final event for the Spreckels cup and the championship of California, to be contested for by Burlingame and the English hussars.
The Burlingame team, in uniforms of white, will consist of E. M. Tobin, No. 1; T. Driscoll, No. 2; J. Lawson, No. 3; Walter Hobart, back.
The English team—Maj. G. W. Hobson, No. 1; F. B. Hurst, No. 2; P. A. Gill, No. 3; Maj. R. H. Lee, back.
In the pony races scheduled for Saturday, the prize is a challenge trophy. For this event of one and one-quarter miles, several of the fastest horses in the West are entered. It can be said that they belong to followers of the turf who do more on horse races than on polo. One of these animals is "Fuleta," of the Charles W. Clark stable.
A strong contender is "Blue Knot," which gave "Fuleta" a hard run for the cup last year. However, "Fuleta" has won the trophy three times. Another animal entered is owned by Thomas H. Williams, the noted turfman of Oakland. Another entry is St. Albans owned by Capt. J. C. Beeler of Hermosillo. This race is creating as much interest as though it was a regularly scheduled event at Aqueduct or Jamaica. It is anticipated that much money will be wagered on the result.
CALIFORNIA WINS.
TEAM IS IN SHAPE.
(BY DIRECT WIRE TO THE TIMES)
BERKELEY, March 23.—(Exclusive Dispatch.) The California Varsity baseball team this afternoon defeated Ireland's Independents by a score of 6 to 1. Weather conditions have prevented the Varsity playing any games for the past two weeks, but the work today showed that the men had recovered from their slump of the early month and were in shape for the intercollegiate series.
California made nine hits off O'Connell, while the Independents made but four of the Varsity's twirlings. The original California line-up today was that which will be used in the first intercollegiate game with Stanford. Line-up:
Independents. California.
Goinsky, p. Harris, Smith
Burke, c. Stoner
Kennedy, 1b. Greenlaw
Rankhead, 2b. Capt. Lewis
Nicholson, ss. O'Kelly
DeLeon, 3b. Allen
Cookman, 3b. Elliott
Dolan, cf. Salisbury
Ireland, rf.
Varsity, 6 hits; 3 errors; 5.
Independents, 1 hit; 4 errors; 5.
INSTRUCT UMPIRES.
LYNCH IS THE TRAINER.
(ASSOCIATED PRESS NIGHT REPORT.)
NEW YORK, March 23.—The meeting of the national umpire staff called by President Thomas J. Lynch for the first week of April, will be something new in baseball history. It is said to be the plan of the league president to put the indicator holders through a thorough examination on rules.
As the umpires this year will have more power than ever before, Lynch is anxious that they should know exactly what their powers are. There are many minor changes in the rules and it is supposed that by this time the umpires are familiar with all these amendments.
Accordingly, at the meeting here in April, the president's office will take on the appearance of a classroom, with Lynch in the position of lecturer.
The president will be particularly instructed to restrain all unruly ball players and to prevent rowdiness on the field.
POMONA BEATEN.
INFILDED IN THE AIR.
(BY DIRECT WIRE TO THE TIMES)
CLAREMONT, March 23.—(Exclusive Dispatch.) The Thorpe Polytechnic baseball team, Pasadena, defeated the Pomona Varsity on Alumni Field this afternoon, 6 to 4, in seven innings. Inability to hit Duarte, who pitched six innings for the visitors, at critical moments, was the main cause of the Varsity's defeat.
The freshman infield also showed a tendency to go up in the air dangerously. For Thorpe, Duarte pitched six innings with good effect, stopping the Pomona hitters with ease.
Thorpe 2 3 0 1 1 0-6
Hits 2 1 0 1 2 0-4
Pomona 1 0 2 0 0 0-4
Runs 1 0 2 1 1 0-7
Batteries—Thorpe, Duarte, Vincent and Simpson; Pomona, Lebler, Neuls and Shurt.
THOMPSON WINS.
NORVALI KNOCKED DOWN.
(BY DIRECT WIRE TO THE TIMES)
SAN FRANCISCO, March 23.—(Exclusive Dispatch.) Cyclone Johnny Thompson, the Illinois lightweight, won a ten-round decision over Charlie Norvali, a 133-pound boy, in the main event of the show given by the West Oakland Club tonight.
Thompson, who is the aggressor all through the fight, and his spectacular work was accomplished in the third round, when he knocked Norvali down three times and probably would have knocked his man out but for the song.
Norvali came back stronger than the crowd expected would be possible, however, and it was his work in the closing stages that earned for him considerable support. Eddie Smith of Oakland was the referee.
Thompson was boring in as usual from the first to the last, but it was difficult at times to get through Norvali's guard and the long reach of the latter was a decided advantage to him.
In the third round Thompson dropped Norvali with a straight right to the jaw. Charlie took the count, as he got up was sent down again and still a third time. Fortunately the song sounded and the first was the one thing that saved him. He then stalled for a couple of rounds and finished the tenth stronger than was expected of him.
FIGHT IS OFF.
ABE ASKS TOO MUCH.
(BY DIRECT WIRE TO THE TIMES)
SAN FRANCISCO, March 23.—(Exclusive Dispatch.) The Attell-Moran fight, scheduled for New York on March 23, has been called off, according to a letter that was received from Charlie Moran, Moran's manager, today.
The match was the match that took the little Englishman sent in such a hurry after his twenty-round engagement at Dreamland Ring. When he reached New York, however, it was discovered that he had been injured and he was called off on the night of the fight, and as Moran would not listen to such a proposition, the fight had to be abandoned.

CONSTIPATION

FOR EIGHT YEARS the APOLLO PLAYER PIANO played 88 notes, while all its competitors only 65. Our rivals now have 88 notes, while in the new SOLO-APOLLO the operator has 127 notes under control. The proportionate difference between the results attained, however, is greater than these figures would indicate.

Our other special features, the spring motor, transposing device, and the latest and perhaps most radical improvement of all, the accentuating device which emphasizes the melody without subduing the accompaniment, stamp the Solo-Apollo as so distinctly in advance of its rivals that there is no room for argument.

100 Shares "Home Builders"

Stock will cost \$180.00 during March. In seven days more, April 1st, the price will advance to \$185.00. Purchases now mean quick profits.

Satisfaction

is the basis of "HOME BUILDERS" enormous success. Stockholders are satisfied because dividends are regular and large—14 per cent. on par annually, paid in cash quarterly. Home buyers are satisfied because "HOME BUILDERS," buying in large lots for cash gets inside prices and builds good homes cheap.

Satisfied Stockholders and Satisfied Customers Make a Prosperous Company

Homes built after they are sold, the title being vested in "HOME BUILDERS" until paid for, and being paid for by satisfied purchasers make a security for "HOME BUILDERS" stock that cannot be surpassed.

The dividend rate will be increased to 16 per cent. on par, May 1st. Why hesitate to buy this stock when it can be bought for 10 per cent. down and 5 per cent. monthly? You can buy it in blocks of ten shares or more.

"The Science of Investment" does not boom "HOME BUILDERS," but is full of investment points. Price 10c.

The Bungalow Book is worth the price if you are interested in bungalows—\$1.00 Both books by mail on receipt of price. General literature free.

WAGER BRINGS DEATH.
Two Young Men Stand on Railroad Track Too Long and Train Kills Both.
Antonio Yoa, 18 years of age, living near Santa Barbara, died at the Sisters' Hospital yesterday morning as the result of injuries sustained three days ago in a collision with a south-bound Southern Pacific train.
Yoa and a companion made a wager that had anything of its kind beaten in the history of railroad accidents. The boys selected a spot near Santa Barbara and both stood upon the track. They had a small bet as to which would remain standing the longest. The train came speeding down upon them and unflinchingly they held to their posts, each determined to be the winner. They jumped too late. The companion, whose name is not known, was instantly killed. His body was sent to Santa Barbara, where he was terribly injured, was taken on the train and brought to the city.
Everything possible was done to relieve him, but he failed steadily until his death yesterday morning. The remains will be sent to Santa Barbara for burial.

STANDARD BOOSTS OIL PRICE.
TULSA (Okla.) March 23.—The Standard Oil Company today announced a raise of 2 cents a barrel in the price of oil.
The statute of the commonwealth which demands that all milk offered for sale in Massachusetts must contain not less than 3.15 per cent. of milk solids, and not less than 8 per cent. of fat, or else is not of good quality, has been declared constitutional by the full bench of the Supreme Court.

For Catarrh
Medicine Free in Every Case
Where It Fails to Relieve
Neglect or pessimism, we believe, is the greatest enemy the public has to contend with when applied to the loss or recovery of health. Practically every case of consumption might have been cured if hope had been maintained and proper treatment had been resorted to at the first symptom of the disease. Until the advanced stage is reached, consumption is curable. Catarrh is responsible, we believe, for many cases of consumption. It is about catarrh we want to talk to you today, incidentally consumption, since the two are so closely allied.
We have a medicine made from a prescription of one of the most successful catarrh specialists known. We believe it is positively without an equal. We are so satisfied that we are right, that we will supply the medicine free in every instance where it is used according to directions for a reasonable length of time, should it fail to give satisfaction in every particular. We want every one to try this medicine at our risk. There are no conditions attached to our offer. We put the user under no obligation to us whatever.
The medicine we want you to try is Resall Muc-Tone. It is a catarrh remedy that goes direct to the seat of trouble. It is carried by the blood to every part of the system. It purifies and enriches the blood, tones up the mucous cells, and brings about a condition of health and strength that tends to prevent the germs of consumption from getting a start. Besides this, Resall Muc-Tone is a wonderful appetizer, digestive aid and flesh builder. Its good effects are often felt from the very first dose. It is one of the largest and most satisfactory selling medicines that we have ever had anything to do with.
We know so much of the great good that it has done that we personally back it up with our reputation, and money, which fact should be ample guarantee to satisfy anybody. Resall Muc-Tone comes in two sizes, 50 cents and \$1.00. We urge you to try it. Remember you can obtain Resall Remedies in Los Angeles only at our stores—The Rexall Stores. The Owl Drug Co., Inc., Los Angeles, San Francisco, Oakland, Cal., and Seattle, Wash., and Portland, Oregon.

Deafness Cured
Hymel Caused Earl Howe's Hearing to Return.
"Catarrh bothered me over a year, when I became deaf. Then I commenced to doctor to get rid of the catarrh. I became discouraged at the outlook, and well I might be, for there was nothing I used that helped me. The trouble continued until I was advised to try Hymel. I used Hymel thoroughly, as per directions for a few weeks, and much to my surprise, I began to hear. I was entirely cured. Since using this wonderful remedy there has been no return of the trouble whatever. My hearing is good, and there is no catarrhal trouble, and for this reason I know I have abundant cause for calling Hymel a wonderful remedy and endorsing its use."—Earl Howe, 282 Cherry Street, Allegan, Mich.
Hymel is guaranteed to cure catarrh and all nose and throat diseases, or money back. A complete outfit, including an indestructible hard rubber inhaler, cost \$1.00. Extra bottles, if afterward needed, cost 50 cents. Druggists everywhere.

are now down about 800 feet on their section 30. It adjoins the famous Lakeview, which is producing at the rate of 30,000 barrels per day. The company also has section 13, North Midway, which adjoins the Lakeview, and on this they also have a rig and the well is down 800 feet. These two holes are exciting wide interest, as it is expected that a big gusher will come in on 30, and another one on 13, as it is rich in the north of the 30 of the famous Southern Pacific well, and next south, of No. 6 of the Santa Fe.

The Consolidated Midway Company has just purchased eighty acres in section 20, 28-28, in Kern River, adjoining the famous Bankers Oil Company property, and will put on two rigs and start drilling at once. The company also has 100 acres in section 22, not far from the Lakeview. Crankshaft is sinking a well on section 20, right north of section 22. The American Oil Company, Limited, is sinking a well alongside of 22.

Field Is Abandoned. Word comes from Coalinga that the Loneak oil field soon is to be abandoned. The Coalinga Midway Company has been organized to take over the rigs, tools and other paraphernalia of the three companies that have been engaged in attempting to develop the Loneak field. It has a capital of \$2,000,000.

New Company Is Launched. The Industrial Oil Company, with an authorized capital of \$10,000,000, is a new concern that soon will be launched. The company is headed by Charles V. Hall, president of the Fullerton Consolidated Oil Company. Associated with him are W. J. Borst, J. Sharp, E. F. Balch and F. L. Shideler. It is understood that eastern capital will play a large part in the new concern.

THE POLITICAL WATCHTOWER

Humor comes from Washington that in the event of Secretary Ballinger's resignation his successor in President Taft's Cabinet as Secretary of the Interior will be Senator Flint.

It is an open secret that had it not been for the outlandish jealousy of the leadership of the Link-Rooster movement in this State two years ago, President Taft would gladly have had a Californian in his official family. So much of the trouble had been caused in the party by the Link-Rooster and their companions in yellow politics that the President was forced to forego a pleasure that he had anticipated and leave the Republicans of California without Cabinet representation.

While it is not believed by well-informed politicians at the national capital that there is any likelihood of Secretary Ballinger's immediate withdrawal from the President's official family, there is said to be among his friends a well defined belief that he may decide to resign early next year, at the close of his second full year as Secretary of the Department of the Interior. As the story goes, if Senator Flint declines reelection to the upper branch of Congress, there are strong hopes that he will stay in—he will in all probability be offered the Cabinet portfolio. My own belief is that Flint will not be permitted to quit his Senatorial job.

Secretary John F. Murray of the Democratic State Committee, paid a flying visit to Los Angeles last week in the interest of T. Dore Bell, who appears to have been frightened into a compromise of the wide-spread favor with which the announcement of Tim Spelley as a candidate for the Democratic nomination for Governor has been received. Murray was prepared to show that the candidacy of any other man except Bell would be regarded as a Southern Pacific-Gavin McNab combination. The mere mention of McNab's name nowadays causes Bell to go almost into hysterics. A few months ago he was gleefully declaring that he had put the "wily Scotchman out of politics for ever and ever, but for some reason or other he now shivers every time he hears McNab's name mentioned.

Spelley is not an avowed candidate for the nomination. He has merely consented to make the run if the Democrats of the State want him so to do. The Bell lieutenants are endeavoring to have Tim accept the nomination for Lieutenant-Governor so as to sidetrack him. While the big oil man is willing to do whatever the party leaders desire, his friends are insistent that he be made Governor or nothing at all. The desperation of T. Dore is shown by the fact that he and his friends were generally believed to be supporting Senator Cartwright of Fresno for the second place on the Democratic State ticket. Now they are willing to sacrifice Cartwright to save the great and only friend of Eddie Morris. Maj. W. R. Burke please write.

That T. Dore is sore distressed is evidenced by the returns from both Butte and Sacramento counties. In the first place, the County Committee of Butte several weeks ago declared in favor of Senator Cartwright for Governor, but proceeded to elect a delegation that is chiefly composed of anti-Bell men. Los Angeles for many years District Attorney of Butte, heads the delegation, and with him are ten Democratic war-horses who would vote for him for Governor much quicker than they would for Cartwright. As for Bell—never.

From Sacramento there is a delegation of twenty-three headed by Mayor M. R. Beard. For the first time in a quarter of a century Tom Fox, the Democratic boss of Sacramento county, will not be a delegate. Tom has gotten old enough to take a trip to Japan and he is about to do so. Fox has the open and pronounced enmity of Bell, and though he will not be in Los Angeles next month to fight the man from Napa, he will have several comrades of many a political scrap who will do everything that Fox would do for him.

Mayor Beard was fought bitterly by Bell's personal newspaper organ, in Sacramento—the Bee—and Beard is not a man to forget or forgive any too quickly. Besides, there are in the delegation Archibald Yell, the man who first objected to the reading out of the party of Frank Young; Arthur M. Seymour, District Attorney of Sacramento county; proponent of the four "boodle Senators"—Marshall Dicks, W. A. Galt, E. J. Carragher, P. J. Hughes, J. R. Hughes, E. J. McLaughlin, R. C. Irvine, J. H. Stevens, E. J. Brasile, Peter Flaherty, R. E. Callahan, Henry Meyer, Frank McManus, Henry Hoffman, D. Aherne, John Schacht, Phil Cohn, J. P. Cox, J. T. Murphy and M. J. Burke.

Most of the men sent delegates to the Fresno Democratic convention when the valiant T. Dore denounced them as Southern Pacific hirelings. Well, forget that Sacramento county gave him the largest vote ever given

Your Benjamin Easter Suit Is Ready for You.

Benjamin Clothes

—\$20 never dressed you better in all your life than these \$20 Benjamin business suits. The line fairly bristles with spring's smartest numbers—form lightest grays to somber shades.

—Benjamin excellence of workmanship is a clothes asset which most shops charge high for, and which this store offers as a vital reason why you are not getting all your money should buy when you wear other than Benjamin clothes.

—Benjamin business clothes range in price from \$20 to \$40, and they are sold here only, but that don't add anything to the price, as you can soon find out by comparison.

Benjamin Tuxedos \$35, \$38 and \$45.
Benjamin Full Dress \$55 and \$60.

Benjamin Fancy Vests \$2.50 to \$15.

Easter Accessories

Some one has said that next in importance to the Easter hat and gown is the Easter parasol.

You should select your Easter parasol with great care.

Our department is the most thoroughly dependable place to select it—because we show a seemingly endless variety of styles and colors which includes many

Imported Exclusive Novelties Up to \$35.00

In aeronautic effects, made to represent aeroplanes, biplanes, dirigibles and parachutes, made of silk or chiffon, with artistic handles.

Pongee Parasols \$3.50

Special Value at \$3.50

At this price we offer a variety of these popular parasols. One style with 14 ribs has a double gilt ribbed frame, bronzed border, and birdseye maple handle. Other styles have fancy toulard silk borders, or embroidered effects.

Easter Neckwear

Our showing is very comprehensive and expresses the latest concepts of the best designers of smart neckwear. Prominent among the newest effects one-sided jabots, frilled jabots and many variations of the popular jabot, trimmed in lace or embroidery. Dutch collars in lace or embroidery, tailored and fancy stocks and combinations of stock and jabot and collar and jabot. To thoroughly appreciate these dainty and delicate bits of finery you must see them.

We offer Strong Values in Easter Neckwear at 35c and 65c

Easter Handkerchiefs

As especially appropriate for Easter gifts we offer today eight styles in hand-embroidered Madeira handkerchiefs.

Regular Values from \$1.00 to \$2.50 Choice To-day... 65c each

They are fine linen handkerchiefs, elaborately embroidered in corner in Madeira hand work or plainer effects with buttonhole scalloped edges.

EASTER FOOTWEAR

This is the season when all the latest styles are shown that will be worn this summer.

Our stock of natty, nifty, snappy, low-button oxfords are ready for you to make your selections for Easter.

Our stock of men's black and tan oxfords are complete and our prices are always right.

EVERY SHOULDER TO THE WHEEL.

When the question of holding a Panama Exposition in California in 1915 was first broached it was evident that prompt action was necessary before the city of the Pacific Coast could claim the honor. There are two ends to the canal and two coasts to the United States. The States on one end have interests as well as on the other, and the Eastern States are more in number, surrounded by larger population, possessed of more wealth and wielding greater influence in Congress. Unfortunately for us they are all of one mind. The cities from New York, and probably farther north, to Galveston, are all behind New Orleans.

When the contention arose between two California cities it was obvious that the case would become desperate unless something was done, and done promptly. Promptness was more or less out of the question, but at last we have done something toward bringing the people of the State of California into accord. Every city and town in the State, and indeed all the rural population, has a vital interest in this matter. It will be of great advantage to California, and indeed to all the Pacific Coast, if we can have a fitting exposition held at some point within the State. The contention between the two cities was jeopardizing our chances, and it was quite proper for all other communities to come in and seek a solution of the difficulty. A solution has been had and the voice of the State of California almost unanimously is in favor of San Francisco.

Now the fight is not won. Note the dispatch from New Orleans in the papers of Wednesday of this week. The Legislature of the State of Louisiana will meet in May and undoubtedly some proposition will pass that body looking to the establishing of the Panama fair at the Creole City five years from now. Already the New Orleans Panama Exposition Company is under way toward organization. The whole South is getting behind New Orleans. Large sums of money will be subscribed, and unless we take steps at once and head off this Gulf city we shall lose the exposition.

They are working wisely in the South, as well as hard. Just as certain as can be, the directorship of the New Orleans fair will be offered to Col. Roosevelt if he will accept it, and the offer will be made as soon as he lands on the American shores. Failure to draw the former President and his great influence to their side, they will offer the position to Hon. David R. Francis, who managed the St. Louis fair six years ago with conspicuous success.

The whole East will get behind New Orleans if we don't get in before her. We hope that all contention will now cease in the State, that the voice of California will be heard by all, that the San Francisco people will at once take up the fair proposition with the vigor characterizing Californians and that no time shall be lost in securing the good will of Congress and the government administration at Washington for our side. Unless something is done at once the delay that has been put our interests in hazard will become insuperable barriers and we shall lose the exposition.

HUMAN NATURE'S BEST TRAIT.

The best trait in human nature and the trait that is the surest indication of the best type of man is hospitality. Give us the man the latch string of whose door hangs on the outside, whose roof-tree is loosely without the presence of a friend, and who loves to share what he has with those who are his neighbors.

Cities and communities, as well as men, should be judged on the basis of the hospitality they display. Take Los Angeles, for instance. Our city is known the world over for its hospitality, and that is the one thing, above all others, that has given us our good name. There are many cities that have as many miles of paved streets as we have, cities that have as many soap factories and slaughter-houses and saloons and breweries as we have, but few are known as well for the kindly welcome and the hail of friendship.

Yet within our town are, alas, many homes where hospitality is unknown. Fine houses there are over the threshold of which a guest seldom crosses. Within are selfish folk who hate to share their comfort and their possessions with a neighbor or an acquaintance, not to speak of a friend.

In the old days of California hospitality was at its flower. It used to be, right here in the Valley of Our Lady, that if you were on the way to dine at the rancho, or even the humble casa of a friend, you took with you all whom you met on the way. It often happened that while you were expected alone, a half dozen or more friends unexpectedly came with you. But it made no difference. They were all as welcome as you.

When a man finds himself so busy that it annoys him to have an old friend call, he is getting to be a bad way. When he hears that an old school-fellow is in town and fails to look him up because he fears that an hour of business may be interrupted, business is turning that man into a shurl. Cut the business out. There is nothing in this world so valuable as an old friend.

Let us be more kindly than we are. Let us practice the olden art of the handclasp and the smile of welcome. See to it that there is always an extra bite in the pantry, an extra plate on the table and an extra bed in the corner. And whoever will, let him come.

A BUNGLED REFORM.

Mr. Norris of Nebraska and the other "insurgent" allies of the populist Democracy blundered in their great reform with the House laws in a beautiful way. It is difficult to decide where the blunder hits worst, among the "insurgents" or among the straight Democrats.

As for the Democrats, they are boasting loudly of their ability to elect a Congress next fall, and we must confess there are encouraging signs for them. If they were sure of this result we may be absolutely certain they would shatter the Speaker of no power. Of course the tenor-singing "insurgents" are a good deal like other mules without pride of ancestry or hope of heirs. But the blunder in their case was in fixing the number of the committee at six Republicans and four Democrats. This makes it absolutely necessary that the six Republicans should be straight. If Norris or any of his type were admitted into the Republican membership of the committee it would be an even division. It would be five against five, a deadlock, and nothing possible.

We regret to confess that as time moves on, the indications of a very close division in the next Congress become more and more impressive, with a possibility of a Democratic majority. Take the election held in Massachusetts last week to fill a vacancy. The district had been rock-ribbed in its devotion to Republicanism and would have been so this time had a real Republican come forward to solicit the suffrages of his party friends. As it is, the two candidates were both near-Republicans. Mr. Foss was a near-Republican until the other day, when he went out into the Democratic party, where he belonged. Mr. Buchanan was a near-Republican, who tried to hang fast to the skirts of his own party, seemingly with the hope of getting into office. The people of the district seemed to think that Foss, the former near-Republican, was just as good as Mr. Buchanan, still a near-Republican, and maybe waiting only for a chance to follow Foss into the camp where he belongs.

There are many of these near-Republicans in Congress who wish to succeed themselves and dream that the best way is by out-Bryaning W. J. in their advocacy of Bryanism. For three consecutive gubernatorial elections in the State of Minnesota the Republicans had been rock-ribbed in their devotion to Bryanism. For three consecutive gubernatorial elections in the State of Minnesota the Republicans had been rock-ribbed in their devotion to Bryanism.

Copyright, 1910, by George Matthews Adams

MORE ACCOMMODATIONS NEEDED.

to the ideas of W. J. Bryan, and the late John A. Johnson was elected Governor in that Republican State in spite of his Democracy. In Oregon near-Republicans joined with Democrats, socialists, dreamers and all kinds of nondescripts, whose proper place would have been in any political cage of Aspidochelone. The result has been that the Republican State of Oregon is represented in the Senate by a Democrat, and a southern Democrat, whose original home was in the black belt in Mississippi, and whose politics bear all the earmarks of the extreme Democracy of that State.

When you put up a Democrat on one side and a near-Republican on the other, both practically free-traders and both as near an agreement on every question that separates the public mind as can be, what are real Republicans going to do? They are going to stay at home in numerous instances; and when they do go to the polls they are going to stop and seriously consider the personal merits of the candidates and vote for the best from the personal point of view.

THEY WILL LAND HIM.

Seldom in a political campaign in the State of California has any candidate for office started out with such notable backing as is given to P. A. Stanton, who is before the people as a Republican seeking the office of Governor. Mr. Stanton has just embarked on his campaign "for keeps," and in his local tour through Southern California he is accompanied by some of the most substantial business men in the city and the most influential men in the Republican party. The number of this class of people who are using every effort in their power to promote the candidacy of Mr. Stanton is marvellously large.

Stanton is a Southern Californian, but is not entirely a Southern Californian candidate. He is receiving this notable backing from the people of his own town, county and section not as a Southern Californian candidate, but as a man big enough to cover the whole State, both as a candidate and as a Governor. This Republican candidate is known only less in Central California than here at home, and quite as well at the north as in the center. In fact, he is a political figure that looms up all over California in a distinguished way.

He is no more a factional candidate than he is a sectional candidate. He knows no factions. He is a party man and welcomes to his support all true Republicans. He will unite the voters of the State of different shades of opinions as perhaps no other Republican in the State is capable of doing. His long connection with political affairs has taught him diplomacy without teaching him to sacrifice principles. He is a Republican in every sense of the term, but broad enough in his tolerance to endure people who differ from him in details without acrimony or conceit.

When you size up the man just as he is, his wide acquaintance all through the State and his great popularity, and then reflect upon the notable backing by substantial business men and by men very influential in politics here in his own end of the State, it must be conceded that his prospects look exceedingly bright. When he invades the northern part of the State, wherever he goes he will never find himself in an "enemy's country," and as he makes his journey through the State, watch and you will see the business men, the men influential in politics, the substantial men, the sensible men of the State, get behind Phil Stanton everywhere.

UNCLE WALT, WARBLER.

BY UNCLE WALT, MAJOR OF EMPORIA.

When I was a boy, I was a warbler.

We're questioning the distant stars, to lay their secrets bare; do human beings live on Mars? In Saturn round or square? We dip into the mystery of all the universe, not knowing if results will be a blessing or a curse. When I was but a little lad, as beautiful as lard, when all the world was young and glad, I played about the yard, and saw the birds in Jovian flight, the gorgeous flowers in bloom; then all the days were passing bright, and then a streak of lightning came, and hit me in the neck. They put me in my little bed, and doped and polioed me; "that little bird," my grandma said, "was but a bumble bee."

Hans Breitmann Says:

"Opportunities like automobiles mit some men—dey haf no mooch troubles dodchen em."

[Cleveland News.]

MEN AND THINGS OVER THE SEA.

China in Tibet.

China's overlordship in Tibet began in 1720, when the Emperor Kang-Li, on restoring order during a civil war between rival factions who were claiming the Dalai Lama, assumed the suzerainty of the country and located two Chinese mandarins at Lhasa as political residents or Ambans. They were given large powers and absolute control over all frontier and foreign relations. Later on the Chinese Ambans were given a leading hand in the selection of infant successors of the Dalai Lama, though the Dalai Lama has never been in the Chinese Emperor's gift. From the beginning of the Chinese overlordship no Dalai Lama ever reached his majority until the present one, they having died in a mysterious manner at the age of 18 years. The Chinese, for climatic and religious reasons, do not settle in Tibet, but draw from it a heavy tribute for the support of the Peking government.

London's Indebtedness.

On March 31, 1909, the debt of London was £110,621,400. During the past three years it has shown a material increase, but the Finance Committee estimates that the debt is not likely to again show material increase unless large schemes for capital expenditure are undertaken. The expenditures by the County Council for 1909 were for asylums, £2,830,000; bridges and tunnels, £6,139,350; elementary education, £14,773,823; higher education, £643,333; fire brigade, £1,972,646; main drainage, £11,250,388; streets, £22,890,279; tramways, £9,483,662; total, £88,403,047.

Vatican's Earthquake Expenditures.

The Vatican has made public the expenditure of the funds sent from Italy and abroad for the help of the sufferers from the earthquake in Sicily and Calabria. There was sent to the Pope £6,849,398.54 lire, to which must be added 261,848.17 lire gathered by the "Young Italian Catholics" and added to by the Pope himself. Of this £68,000 went to the bishops for the refugees, 179,000 to the religious orders to build temporary churches and convents, 224,000 in first help to refugees, 1,898,295 to the Apostolic Delegate for the construction of churches, orphanages, schools, etc., 118,000 for the buying (in England) of 100 wooden churches, with the necessary furnishings; 1,000,000 for the education of 400 orphans for the period of ten years, 49,145 for ecclesiastical and lay students, \$83,246.06 for divers buildings not yet designed, and 1,646,118.48 for orphans, restoration of churches and help to the destitute.

The Vatican is looking after 511 orphans, who will be given the means of earning an honest living after ten years' training in one or other of the Catholic institutions.

Plants Voted Mentioned.

On the recommendation of Prof. Boni, the Royal Vergilian Academy has approved the proposal to convert the area between Mantua and Pistoia into a wood sacred to the memory of Vergil, whose specimens of all the trees, plants and shrubs mentioned in the "Bucolics" and the "Georgics" will be represented. Arrangements are being made to plant, among others, oaks, pines, fir, cypresses, planes, lindens, laurels, willows, myrtles, box trees, junipers, laburnums, apple trees, plums, olives, rosemary, thyme, crocuses, lilies and wild roses.

Mr. Balfour's Power.

Mr. Balfour, the effective master of the Commonwealth, has attained this position by two gifts—his temperament and his character. Even when his followers were but a handful he seemed to direct the course of politics. Now that he returns to Parliament with the solid support of upwards of a hundred and seventy Unionists, it will be difficult indeed for the broken forces of the government to withstand his domination. His power is far greater than mere numbers might imply, because it is based on unanimity and principle.

A Voted Lady Cliff Climber.

Lady Ida Stowell, sister of the present Earl of Londesborough, is renowned all round the Yorkshire coast as a cliff climber of extraordinary skill and courage, an art acquired in the search for the eggs of sea birds that nest along the face of the cliffs of the northeastern coast of England. Lady Ida seems to enjoy the danger of swinging on the face of a cliff at the end of a 200-foot length of rope, with perhaps another 800 or 400 feet of space between her and the storm-beaten rocks below. She is devoted to ornithology, and her collection of birds and eggs is one of the most famous in England.

She Says:

When a man is sure that he knows better than any woman who ever lived, it is a waste of time to try to make him believe that he does not. There are some husbands who are awfully proud of their generosity when they are merely doing their duty.

A clever woman always wishes to be called beautiful, while a beautiful woman is usually quite satisfied with herself.

You will always notice that an unappreciated married man never turns to a woman with an ugly face but a beautiful soul for comfort.

The girl who can use her eyes for other things than to see doesn't have to be a brilliant conversationalist. [Baltimore Star.]

Remarks by the

When Mister F. H. Roberts, who is in his 60s, improved an old and worn "bones" while the rest of the world was getting new ones.

James J. Jeffries has turned to the theatre. He is writing a play about the death of the Yuma reservation. He is now end of their shadow of Mount Fuji.

Joseph C. Cannon, Speaker of the House of Representatives, is still in the sun in the western of the American people.

Having out-phished the splendor of the land of the Pharaohs, it is now the turn of the Yuma reservation. He is now end of their shadow of Mount Fuji.

If the world must put up with the splendor of the land of the Pharaohs, it is now the turn of the Yuma reservation. He is now end of their shadow of Mount Fuji.

If the world must put up with the splendor of the land of the Pharaohs, it is now the turn of the Yuma reservation. He is now end of their shadow of Mount Fuji.

If the world must put up with the splendor of the land of the Pharaohs, it is now the turn of the Yuma reservation. He is now end of their shadow of Mount Fuji.

If the world must put up with the splendor of the land of the Pharaohs, it is now the turn of the Yuma reservation. He is now end of their shadow of Mount Fuji.

If the world must put up with the splendor of the land of the Pharaohs, it is now the turn of the Yuma reservation. He is now end of their shadow of Mount Fuji.

Satisfactory Selection of Easter Footwear

Three Busy Days of Easter Buying!
Time is precious. You will save
time and money, too, by purchasing
Easter Footwear at Staub's. Our
Perfect Store service and complete
stock makes buying easy here.

The illustration above pictures
one of the new Women's 3-strap
pumps. Made in black suede, black
calf and tan calf. A typical Staub
value at \$4.

Below we illustrate a Men's ox-
ford of tan calf and black velvet
calf. Another sterling \$4 value.

Other spring and summer styles
at \$2.50, \$4.50, \$5.00, \$5.50, \$6.00,
\$6.50 and \$7.00.

See our advertisement of special
interest to men on page 5,
Part I, of this paper.

N. E. Corner Seventh and Hill Sts.

turned from a conference of the val-
deville magnates in New York City.

The first dress rehearsals for "The
Garden of Lies," the newest Broad-
hurst play, which will be produced for
the first time at the Belasco next Mon-
day night, will commence on the Be-
lasco stage this morning. All of the
preparations, rehearsals, etc., are being
carried on under the personal direction
of the author, and as the play has
been in preparation for some time un-
usually fine results may be expected.

There have been many theater parties
already formed to greet the opening,
and also many in honor of Miss Flo-
rence Oakley, who will make her re-
appearance as leading lady of the Be-
lasco organization in the role of
Princess Eleanor.

Yesterday, owing to the baseball
game and chorus girls' field day, was
the first day that the Hartman com-
pany has not worked all day preparing
for the opening next Sunday afternoon
of Biset's opera, "Carmen." Today,
however, the full dress rehearsals will
commence, and will be carried on up
to the final curtain of "The Office
Boy" on Saturday night, after which
the last rehearsal will be given in the
nature of a complete performance of
the work.

Robinson Company
S. Broadway 235-237-239. S. Hill St., 234-244

Our hats are from the cleverest designers in Paris and New
York—and they show it!
Yet they are not priced prohibitively high. . . Second Floor.

More new silks

Among the last week's arrivals were several
pieces of 42-inch French Foulards in Fa-
conne effects with white shower dots on blue
grounds; also self-colored diagonal stripes
with white shower dots on blue grounds.
Various shades of blue. \$2.25 a yard.

Another new silk of exceptional merit is
the 36-inch Tallieur Shantung in natural,
Navy, Amethyst, Wisteria and Black at
\$2.50 a yard.

Bordered chiffon veils one yard wide by 2 1/2
yards long—the ideal veil for automobile wear
—here at \$4.50.

They lace in front

without belts, buckles, bands, straps or other
patent contrivances, they naturally, easily,
sensibly and comfortably support the abdo-
men; impart the classic back and give correct
poise to the wearer. They are made of the
finest materials, are easily adjusted and are
enthusiastically endorsed by leading dress-
makers for their beautiful lines and by eminent
physicians for their hy-
gienic qualities.

"Model D" as shown expresses
the most advance spring note in cor-
setry. It is long below the waist
with a bust low to girdle dimensions.
This construction together with the
ELECTROBONE filling affords
a gracious suppleness to the figure
and a degree of comfort that has
heretofore been accounted an impos-
sibility.

Made in \$6.50 to
\$22.50 qualities

We show this season eight other
models in the Gossard Corset—each
in several lengths—some as low as
\$5. There is a model exactly right
for you.

Trefousse kid gloves

The "Trefousse" gloves—for which we have
the exclusive sale in Los Angeles—are the
best France can produce.

And surely you don't want gloves of a
questionable quality in your Easter outfit.

AT \$2—"Trefousse" Overseam Glace Kid Gloves, with two
pearl clasps and fancy embroidered backs; white, cream, grays,
modes, tans, black and every shade to match the new season's
gowns.

AT \$2—"Trefousse" Suede Gloves, with three pearl clasps and
fancy embroidery in every new shade.

AT \$2.25—"Trefousse" Heavy Glace Kid Gloves, with two
pearl clasps and fancy embroidery; white, cream and every
shade to match the fashionable spring costumes.

Other styles in the same make for as little as \$1.65.

Our \$1.50 Overseam and Pique gloves, although not of the
"Trefousse" brand, are remarkable values.

Serpentine Crepe

Serpentine crepes are becoming immensely popular for
house gowns, kimonos and evening dresses.

Can be laundered satisfactorily without starching or
ironing—the crinkle does not smooth out with wear.

Eighteen cents a yard.

Hydegrade Galateas, all colors, here at 18c

Glove Stocks Are Now Complete

This Glove Section is a most satisfactory one from which to make selection, for it con-
tains the best of a dozen different lines, at a price range wide enough to cover every
limitation:

In Perrin's, Peerless, Lelia and other good makes of gloves we are showing particularly
good assortments, in the preferred colors,
and black or white, at **\$1.50**

And at \$1.75, \$2.00 and \$2.25 our varieties leave nothing to be desired.

The famous Kayser silk gloves, in full color
assortment, are here at prices from **50c to \$1.50**

All purchases of gloves for Easter gifts, or for personal use, will be enclosed in ap-
propriate boxes, upon request, without extra charge.

Splendid Silk Stockings for \$1.50

You probably have heard the old saying—"They who wear new stockings on Easter
shall have good luck throughout the year." Let that be true or not, it is distinctly
good luck to be able to buy such stockings as these for so little money:

Extremely good, pure thread black silk hose, equal to the
qualities for which many stores ask two dollars, here **\$1.50**

A lighter weight,
in colors, at **\$1.50**

Black silk hose, with deep lisle garter
top and lisle sole, for **\$1.50**

And at higher prices, self embroidered and fancy effects of the finest sorts.

Newcomers in Spring Woolens

Just space today for hints of the newcomers in the Wool Goods Section. You'll want
to pay us a personal visit to really appreciate how fine and how inexpensive they
are:

Pronounced favorites are silk-and-wool Coleen Poplins, in plain colors, at **\$2.50**
\$1.75; and in polka dot and brocade patterns, at **\$2.50**

And since Fashion has come out so strongly for grays in all their variation of tone from
blue to green, we are showing what is truly an unparalleled assortment in hand-
some close woven suitings of very fine quality; 44-inch width, **\$1.50**

In real English homespun in very coarse wale—which are not only right for present wear,
but which are indicated for early fall—we have shadow stripe and plain patterns, all new
shades in 32-inch width—pearl, tan, opal blue, **\$2.50**

wistaria, cyclamen, mustard, brocade, etc., at **\$2.50**

New plain and shadow stripe weaves in mannish suitings in **\$1 to \$5.00**
every shade of gray it is possible to obtain

N. B.—Our Tailoring Section, which immediately adjoins the Dress Goods Section, is prepared to make to
measure suits, coats and skirts in first-class manner, at reasonable prices.

These Fine Handbags Only \$5.00

The more you compare these handbags of ours at five dollars, with those at similar
prices in other stores, the sooner you will appreciate how really splendid these are.

The most noteworthy styles are made up in real seal, with deep frames of gilt, gummetal, or
German silver, gold plated; full leather linings, single strap handle; other bags, equally
fashionable, show an outside flap, which protects the frame. Light leather linings enliven
some of the models, in black morocco; and square plain metal frames, suitable for engrav-
ing, are a feature. These bags at five dollars distinctly outclass the ordinary \$5 bag. And
we've hundreds of others, from \$1.50 to \$50.00.

At \$3.75 there are some very good values left from last week's sale.

Smart Tailored Waists \$2.50

The down-to-date woman numbers half a dozen, at least, of tailored waists in her
wardrobe, for wear with tailored suits and separate skirts. Eminently satisfactory
is this collection, last week made complete by new arrivals:

Imported madras in all white; with heavier cords, or in white with colored stripes; some
styles have pockets, others are perfectly plain, with embroidered cuffs, col-
lar and front; all sizes, in these and in pure linen, at **\$2.50**

Fine New Lingerie Waists for Easter from \$5.50 to \$25

THE PROOF—
That We Know
Whereof We Speak

When Premier was selling as low as 50 cents per share we urged its purchase because we knew the value of the property—knew the management—knew the development planned. Many of our clients bought Premier then because they had confidence in our judgment—in our knowledge of the oil industry and oil properties. They have more than doubled their money.

In January we gave strong publicity to the value of Premier as a money-making investment and many bought the stock at that time, when it was selling around \$1.00 per share. They, too, will soon double their money. Buyers are eager to get it now at \$1.30 per share and it has sold as high as \$1.40—will soon reach \$2.00.

The present production will enable monthly dividends of 2 per cent. and leave a big surplus—the company has started its third string of tools at work—will undoubtedly double its production this year—has declared its first dividend of 1 per cent. monthly—and will increase the rate to 2 per cent. monthly in within three months.

For some months past we have urged the purchase of S. W. & B.—a most able and conservatively managed company, with property in the heart of the best territory in Coalinga. A company that had paid over \$41,000.00 in dividends up to last September. At that time dividends were discontinued so that the earnings might be applied to greater development. The price dropped to about forty cents per share and we still continued to recommend its purchase in spite of the decline—because we knew the stock was selling below its real value—knew that development under way would soon enable the company to resume dividends—and increased dividends.

S. W. & B. has just brought in a fine flowing well and the price has jumped to 75 cents per share—and again our clients have doubled their money. It will go higher—it is on its way to \$1.00 per share and we believe will reach that price within thirty days—will go to \$2.00 before the end of this year.

We are recommending the purchase of the stock of the Section Six Oil Company at this time because it, too, is now selling below value—because it is a splendid, ably managed company—is not an experiment or a possibility—but an established, producing, dividend-paying oil company with larger and more valuable holdings than almost any company you can find with such a small capitalization—a company whose shares will earn for you splendid interest on your investment right now—that will pay you double the present rate before long. A company whose shares represent an investment in which you can feel sure that your money will not only be safe but will give you increasing returns, while your principle will double and double again.

Buy Section Six at the present low price and buy all you can afford

It is worth more and will surely advance. Keep yourself fully informed regarding the opportunities for money making in California's greatest industry by means of The Oil Book, published weekly. We will gladly send it to you free for three months. You can't afford to be without it. Its yours for the asking.

It will go higher—it is on its way to \$1.00 per share and we believe will reach that price within thirty days—will go to \$2.00 before the end of this year.

We are recommending the purchase of the stock of the Section Six Oil Company at this time because it, too, is now selling below value—because it is a splendid, ably managed company—is not an experiment or a possibility—but an established, producing, dividend-paying oil company with larger and more valuable holdings than almost any company you can find with such a small capitalization—a company whose shares will earn for you splendid interest on your investment right now—that will pay you double the present rate before long. A company whose shares represent an investment in which you can feel sure that your money will not only be safe but will give you increasing returns, while your principle will double and double again.

Buy Section Six at the present low price and buy all you can afford

It is worth more and will surely advance. Keep yourself fully informed regarding the opportunities for money making in California's greatest industry by means of The Oil Book, published weekly. We will gladly send it to you free for three months. You can't afford to be without it. Its yours for the asking.

THE PROOF—
That We Know
Whereof We Speak

When Premier was selling as low as 50 cents per share we urged its purchase because we knew the value of the property—knew the management—knew the development planned. Many of our clients bought Premier then because they had confidence in our judgment—in our knowledge of the oil industry and oil properties. They have more than doubled their money.

In January we gave strong publicity to the value of Premier as a money-making investment and many bought the stock at that time, when it was selling around \$1.00 per share. They, too, will soon double their money. Buyers are eager to get it now at \$1.30 per share and it has sold as high as \$1.40—will soon reach \$2.00.

The present production will enable monthly dividends of 2 per cent. and leave a big surplus—the company has started its third string of tools at work—will undoubtedly double its production this year—has declared its first dividend of 1 per cent. monthly—and will increase the rate to 2 per cent. monthly in within three months.

For some months past we have urged the purchase of S. W. & B.—a most able and conservatively managed company, with property in the heart of the best territory in Coalinga. A company that had paid over \$41,000.00 in dividends up to last September. At that time dividends were discontinued so that the earnings might be applied to greater development. The price dropped to about forty cents per share and we still continued to recommend its purchase in spite of the decline—because we knew the stock was selling below its real value—knew that development under way would soon enable the company to resume dividends—and increased dividends.

S. W. & B. has just brought in a fine flowing well and the price has jumped to 75 cents per share—and again our clients have doubled their money. It will go higher—it is on its way to \$1.00 per share and we believe will reach that price within thirty days—will go to \$2.00 before the end of this year.

We are recommending the purchase of the stock of the Section Six Oil Company at this time because it, too, is now selling below value—because it is a splendid, ably managed company—is not an experiment or a possibility—but an established, producing, dividend-paying oil company with larger and more valuable holdings than almost any company you can find with such a small capitalization—a company whose shares will earn for you splendid interest on your investment right now—that will pay you double the present rate before long. A company whose shares represent an investment in which you can feel sure that your money will not only be safe but will give you increasing returns, while your principle will double and double again.

GETTING READY TO SWAT HIM. BUT DEFENSE PROPOSES TO UP- PER CUT SOME.

Trial of Balcon-keeper on Charge of Bribery Starts in Superior Court and Fireworks Are Looked for When Testimony is Introduced for the Defendant.

George P. Arnerich, one of the proprietors of the Good Fellows' Grotto, No. 341 South Main street, was placed on trial in Department Eleven of the Superior Court on a charge of bribery, yesterday afternoon. As Judge Willis and Judge Clark of Ventura have exchanged benches for a short time, the latter will preside during this hearing.

The defendant is accused of having paid ex-Patrolman Fred A. Brown \$100 to destroy the evidence and keep the witnesses away from court when a charge of having illegally sold liquor came to trial. The offense is said to have been committed June 30, 1933.

The principal witnesses in the case are Brown and Frank Bartlett, former member of Capt. Dixon's plainclothes brigade, who at one time vied for honors with the city detectives, or, as it was expressed, "the men on the other side." Both recently resigned under pressure, the real cause never having been made public.

The former officers were given a scorching hearing before Justice Rose and was held for trial in the higher court from the outside. They are going to be asked over so they will forget past experiences on the witness stand.

Arnerich was arrested last June on a charge of having violated the retail liquor ordinance. The evidence was obtained by the two officers, who had the assistance of two women, who were not their wives.

It is declared that several days later he made a proposition to bribe Brown and that a "plant" was laid for him in the officers' room, where several persons had been secreted for the purpose of seeing the crime committed.

When Arnerich was tried in the Police Court for the alleged violation of the liquor ordinance, he was acquitted by a jury.

It has been intimated that the defense will be a peculiar one. It is said that an effort will be made to prove that Arnerich was enticed into giving up the money for the purpose of adding to the laurels of the patrolmen, their stock having run low.

The only progress in the case made yesterday was the selection of a jury. The witnesses will be called today, but it is likely that it will be several days before the trial is ended.

Several impromptu temperance lectures were delivered yesterday during the examination of the prospective jurors. The defending attorneys did not wish to have any one sit who was prejudiced against the lawful sale of liquor.

It was noticeable that the majority of the veniremen from Pasadena were also excused. Several of them said they did not care how the traffic was carried on, they were "agin" it any way.

The jurors selected were J. J. Jones, William N. Dunham, T. J. Turner, L. C. Tilligman, John H. McNeil, John L. Slaughter, P. J. McIntire, John M. Marshall, J. P. C. Nelson, William J. Carr, A. Edmonds and R. H. Scudder.

Attorneys Funsaker and Fleming have been retained by Arnerich, and the District-Attorney's office will be represented by Attorneys Ford and Hanson.

WOULD FORCE BANKRUPTCY.
Bond Baking Company Charged With Bad Faith, by Its Principal Creditors.

The Bond Baking Company of this city may be forced into bankruptcy by the action of four of its creditors, who filed a petition with the clerk of the United States District Court, asking forth that the Bond company had shown bad faith in permitting A. D. Bond to secure judgment against the company in the amount of \$1575, and had allowed the property to be sold by the Sheriff on last Monday. The creditors, who signed the petition are the Station-Bread Company, \$175; Sperry Flour Company, \$200; Pioneer Paper Company, \$180; Bowles Bros., \$115.

T. L. Cleland, a house painter of this city, filed a voluntary petition in bankruptcy, confessing to debts amounting to \$44,414, principally for painting materials. His personal property, amounting to \$172, is all exempt from levy and sale except \$2.

Clarence E. Young, a railroad fireman at Beaumont, also asks to be relieved of his debts, amounting to \$485, mostly for poolroom bills, tobacco, groceries and more pool. He has no assets.

DOMESTIC TRAGEDY.
Another little domestic tragedy was thrashed out before Justice Ling, yesterday, during the examination of P. M. Aldrich of Pomona on a charge of having failed to provide for his wife. In defense of himself, he said his wife had used bad words toward him and there had been such infidelity that he felt he could find peace only away from her. He pleaded that he had paid her grocery bills after he left her last Christmas. Mrs. Aldrich admitted that she had once "called him a name," but declared his picture of their troubles was falsely drawn. The magistrate dismissed the defendant, remarking that the case was one which should be properly heard in the divorce court.

ALLEGED WIRE THIEVES.
Bert Kelly, Talmage McCleary and George Briggs, negroes, were examined before Justice Summerfield, yesterday, on a charge of having stolen more than a ton of copper wire from the Pacific Electric at Bakersfield. They were held to answer to the Superior Court in \$1500 bonds each. It is said that they intend to plead guilty when they come up for trial.

BOY ALLEGED AUTO THIEF.
Lyle Ward, a boy who has been on probation, was arrested yesterday on a charge of having stolen an automobile from South Pasadena. He declared to the Sheriff that he had been given permission to take it by the owner, who is now on the way to Chicago. The machine was recovered in Pasadena.

PENSIONS JOHNSON'S WIDOW.
ST. PAUL (Minn.) March 23.—As a result of an affection won in the hearts of Minnesotans by the late Gov. Johnson, a fund of \$22,000 has been raised in this State to provide permanent income for his widow and the remainder of her life.

Classified Advertisers.
Commencing April 1, 1935, the rate for advertisements in the "Times" will be as follows: "Special Notices," "Deaths," "Marriages," "Church Notices," "Miscellaneous," (regular "Church Notices" half rate) and "Deaths and Marriages" will be two cents a word, daily or Sunday.

DIRTY KIDNEYS CAUSE BACKACHE

A FEW DOSES OF PAPER'S DIURETIC MAKE OUT-OF-ORDER KIDNEYS ACT FINE.

This harmless, though effective, preparation cleans and regulates the kidneys, curing lame back or any bladder misery. No man or woman here in Los Angeles who suffers from any urinary trouble can afford to leave this remedy untried.

A real surprise awaits every sufferer from kidney or bladder trouble who takes several doses of Paper's Diuretic. Misery in the back, sides or loins, sick headache, nervousness, rheumatism pains, heart palpitations, dizziness, sleeplessness, inflamed or swollen eyelids, lack of energy and all symptoms of out-of-order kidneys simply vanish. Uncontrollable urination (especially at night), smarting, offensive and discolored water and other bladder misery ends.

The moment you suspect kidney or urinary disorder, or feel any rheumatism, begin taking this harmless medicine, with the knowledge that there is no other remedy, at any price, made anywhere else in the world, which will effect so thorough and prompt cure as a 50c treatment of Paper's Diuretic, which any druggist can supply. It is needless to feel miserable and suffer because this simple preparation goes at once to the out-of-order kidneys and urinary system, distributing its cleansing, healing and strengthening influence directly upon the organs and glands affected, and completes the cure before you realize it.

Your physician, pharmacist, banker or any mercantile agency will tell you that Paper's Diuretic, of Clinch, is a large and responsible medicine concern, thoroughly worthy of your confidence.

Only curative results can come from taking Paper's Diuretic, and a few days' treatment will make any one feel fine. Accept only Paper's Diuretic—50c treatment—any drug store—anywhere in the world.

THE PUBLIC SERVICE.

(Continued from Second Page.)

is asked to pay Schmidt \$97.85, which is the unpaid amount due him for services, and includes what is alleged to be from a real estate contract. Schmidt may be had an arrangement with Jacobs in that regard that has never been carried out and the administrator, Henry J. Reinhardt, refuses to settle the claim.

INCORPORATIONS. Articles of incorporation were filed yesterday by the California Carbonating Company, W. S. James, E. J. Lincoln, C. D. Hoover, G. L. Kennedy, and J. P. Welles, subscribed, \$5; The Standard Investment Securities Company, capital stock \$200,000, incorporators, H. H. Cowan, W. J. Thomas and F. J. Goggin, subscribed, \$20; Pacific Building Company, capital stock, \$10,000, incorporators, Vernon C. McCollough, Benjamin P. Faithful, Harry J. Harbut, Irvin C. Smith and Claude A. Faithful, subscribed, \$5; Harpe Brothers Company, capital stock, \$25,000, incorporators, E. J. Albert G. Augustus D. Benjamin W. Harper and H. H. Appel, subscribed, \$5.

STOCKHOLDERS' LIABILITY. The Bank of Los Angeles brought an action yesterday against W. S. Collins to recover \$232.14, alleged to be due for money loaned the Eagle Engraving and Stationery Company. It being claimed that Collins owns 2994 shares of the capital stock of the corporation.

SEKS TO ADOPT. Adelphus and Ariana Gordon filed a petition in the Superior Court yesterday, asking that they be allowed to adopt Doris Bevel, an abandoned child.

WHAT WIFE WANTS. Alice L. McDivitt, nee husband, Frank P. McDivitt, in the Superior Court for an allowance necessary for her support. She alleges in her petition that McDivitt has been wasting his financial substance in liquor, and that he is fully able to support her, a thing he has not done for some time.

QUITE A COINCIDENCE. Among the young women who were licensed to marry at the office of the County Clerk yesterday, were three bearing the name of Fowler, Abbie E., Bertha M., and Alice Fowler, and none of them were related in any way. Len M. Greene also secured a license to wed Mary E. Greene, and they were not related.

FINAL ACCOUNTING. Judge Rives made an order yesterday settling the final account and making distribution of the \$500,000 estate of Dwight Whiting, who died in Los Angeles, April 28, 1907. The will left to the two minor sons, Dwight A. Whiting and George N. Whiting, \$100 each, and the remainder of the property to the widow. Since the death of Whiting, his widow married Kyre Barrow-French. Whiting had large tracts of ranch property and oil stock of much value. The list shows his Los Angeles property as worth \$215,000; Orange county realty, \$102,000; Placer county realty, \$120,000; dividends from oil stock, \$40,000. The total appraised value is \$477,000.

A BUSINESS TROUBLE. S. W. Martin began an action against Charles L. Finney and W. W. Boyle, yesterday, involving a business proposition and the sale of the Vulcan Gas Furnaces, praying for \$1 damages of \$5000 for alleged breach of contract, an accounting and the appointment of a receiver to wind up the business.

Prof. John R. Allen of the engineering department of the University of Michigan, Tuesday afternoon, was tendered by President C. F. Gates of Roberts College, Constantinople, to establish for that college a course in engineering.

HOW TO CURE RHEUMATISM

Prominent Doctor's Best Prescription—It Is Easily Mixed.

This is a very simple and harmless formula, but it has worked wonders for all who have tried it, quickly curing chronic and acute rheumatism and backache. "Get one ounce of Syrup of Sarsaparilla compound and one ounce of Tonic compound. Then get half pint of good whiskey and put the other two ingredients into it. Take a tablespoonful of this mixture before each meal and at bed time. Shake the bottle before using. Results are felt the first day. Any druggist has these ingredients on hand or will quickly get them from his wholesale house.

TABLE LINENS

Established 1889. Assets Over \$2,500,000.

6% PAID OUR INVESTORS

It is to your advantage to place your money where it will earn as high rate of interest as possible and at the same time be absolutely secure.

For twenty years this Association has been paying 6 per cent. to investors, and now has Assets amounting to over \$2,500,000 and a Guarantee Capital of more than \$100,000.

Loans are made on the homes of borrowers, and the fact that there is no real estate on our books taken for debt is evidence of the strength and security of this Association.

The management of the Association is in the hands of well-known men of large, successful business affairs, each one of whom has been prominent in the business life of Los Angeles for many years.

Thus this Association offers superior advantages to those of other institutions paying but 3 or 4 per cent interest.
